

Access[®]

Learning, your way.

McGraw Hill Access[®] is a personalized interactive learning solution where users can search vetted and trusted medical and health sciences content across a variety of mediums that best fit their learning needs, including

- ▶ Video
- ▶ Podcasts
- ▶ Images
- ▶ Infographics
- ▶ Textbooks
- ▶ Cases
- ▶ Q&A

By creating a free McGraw Hill account, you can:

- ▶ **View content anytime, anywhere** via the app or via the web.
- ▶ **Favorite content** to revisit later, such as videos, images, tables, chapters, podcasts, and more.
- ▶ **Create collections**, making it easier and quicker to find important and timely resources.
- ▶ **Browse recently viewed content.**
- ▶ **Access to exclusive content**, such as cases and Q&A, that you can manage from your profile.
- ▶ **Opt-in and manage communications** about new content and product updates.
- ▶ **Download multiple images to slides** with automatically populating citations.

Create your McGraw Hill account in a few easy steps:

1. Go to mhmedical.com. Once there, click on "Sign In" in the upper right corner to create a new account. A new window will appear where you will enter your institutional email address.
2. Complete the account creation form and select "Continue." Submit the form to receive an email that will contain a link to verify your email address. Click the link to verify your email address.
3. After verification, you will be taken to where you began on Access. You will now see your name in the upper right corner.

Congratulations! You are ready to enjoy the benefits of a McGraw Hill account.

Please note: If your institution uses authentication methods outside of email domain match, such as IP, OpenAthens, Shibboleth, referring URL, EZproxy, you will need to be onsite at your institution or connect remotely through your institution's VPN to access & view content.

To keep your account active, you must sign in every 180 days while either on-site or through your institution's VPN or library website.
